Vision - India@2050

VISION OF INDIA IN 2050

8th June 2022

Honourable Prime Minister Shri Narendra Modi,

With utmost humility and reverence for India, we, the 177 participants of **Initiatives of Change's (IofC) Let's Make A Difference (LMAD) National Youth Conference (NYC) 2022**, engaged in a rigorous and a comprehensive mental exercise to develop a Vision of India in 2050.

We all asked ourselves the following, "What is my Vision for India in the year 2050?". After much inner listening, serious contemplation and introspection, we wrote our individual responses to the question. All responses were carefully analyzed using the thematic analysis technique to cull significant themes pertaining to our Vision of India in 2050. We, the LMAD participants are a microcosm representing the larger nation as well as adequately capturing the voice and views of the nation regarding the Vision of India in 2050.

It is LMAD's esteemed pleasure to present you with our vision of India in 2050. We share our vision with you with the confidence that with your able leadership and our commitment we will bring this to fruition before 2047, which will be India's centenary year of independence. This, we sincerely hope, will be a true gift that we offer to our dear nation.

Overall, LMAD NYC 2022 visualizes India as the global hub for wisdom, creativity, and peace. As LMAD NYC 2022, our Vision of India includes that by 2050

My vision for India@2050 - a document with extensive aspirations for our country was compiled during the course of the 2022 National Youth Conference. This was done through the room-bonding exercise on 3 June 2022.
