ICCFG Meet 3

The last meeting with IC Centre for Governance (ICCFG) took place on 14 February 2022. The Fellows interacted with the gentlemen at ICCfG about their recent visit to Haridwar and the then upcoming Lucknow Youth Conference. Along with this the two families also celebrated the birthday of Mr. Shanti Narain, the current Secretary General of ICCfG.

Resilience of the Fellowship

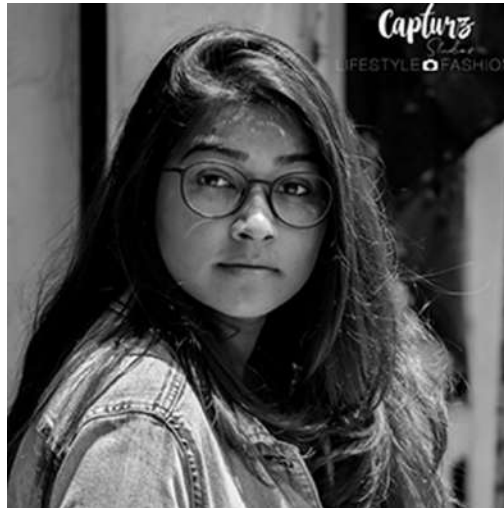

Right after the Rishikesh Youth Conference, five of the six fellows had contracted Covid-19. This was not an easy time as three fellows got infected first, following which the other two also got infected. The care and support of the fellows towards each other was true display of unconditional love, which they portrayed all along by doing various duties of others and tending to the housemates tirelessly.

This wasn't the last of the adversities faced by the fellows. Right before the Lucknow Youth Conference, two fellows and one outstation volunteer suffered a near-fatal car crash. Only because of their luck and the higher force with them, all three of them came out unscathed. The entire fellowship family was shaken to the very core. Even with a catastrophe of this nature, the team of LMAD held its head high and went on to successfully complete the Lucknow Youth Conference. Watch the video to know more about these incidents.
